

05 March 2018

Dear Customer,

As a follow-up to my note yesterday, no Rainbow products have been found to be positive for the ST6 strain of Listeriosis but we fully support the Minister's precautionary decision to proactively recall all our Rainbow Polony range.

Although the minister has not requested RCL FOODS to recall any other of our fresh Chilled Processed Meat products - only Polony. Should you feel this is necessary we will support your decision.

None of our other Rainbow sites or products (Freezer to Fryer, MCP, Frozen Chilled Processed Meats or Fully Cooked portions) has been implicated in any way, and therefore there is no need to recall these products or to stop using them.

Thank you for your continued support.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'Daryl Milne', is written over a light blue circular watermark that contains the RCL FOODS logo.

DARYL MILNE
FoodSolutions Director
